

Session 303-B: PCI Express and Enterprise SSDs: Getting the Details Right (PCIe Storage Track)

Dennis Martin
President, Demartek

- Real-world, hands-on lab validation testing
- Demartek resources: (any search engine)
 - Demartek SSD Deployment Guide
 - Demartek Commentary – Horses, Buggies & SSDs
 - Demartek SSD Zone
<http://www.demartek.com/SSD.html>

Items to include in Standards

- Satisfy the current needs
- Be reasonably broad and inclusive, but not too broad
- Consider backward compatibility (how far back)
- Allow for future additions to the standard
