EpoStar Electronics Corporation
**Highlights of China Markets**

- Consumes more than 30% of global Flash memory
- Storage has been focus of national development in semiconductor
- Huge investment in Flash memory foundry recent years
- Still lack of a good and capable flash controller company

**Opportunities of China Markets**

- Resource
- Market size
- Capital

**Strength of Taiwan Companies**

- Experiences in Flash industry
- Well-established supply chain
- Innovation
- Quality
- International connections
